### School Background in PE and School Sports

- Across the school, children receive 2 lessons of PE each week. In addition to this, classes are encouraged to participate in a daily walk/run 1k-a-day and provision is in place to support children to be active during playtimes and lunch times.
- The school endeavors to enter all competitions, festivals and leagues including those that are part of the Youth Sport Games and in our local cluster. Furthermore, we actively arrange additional opportunities for friendly fixtures with local schools and have set up festivals to host other schools. Intra school competition and activity days have also been arranged to give more children the opportunity to compete in competitive situations. The school also runs a Sports Day for each Key Stage, which parents are invited to attend.
- The school has a large field with an excellent flat surface, 2 spacious playgrounds (each having a 'trim trail') with running tracks marked on and the KS2 playground is

marked with 2 netball courts and 3 mini tennis courts. Indoors, we have two halls: one smaller hall which is equipped with a range of gymnastics equipment and the second a larger hall. Both have projector screens and sound systems.

- The school is well stocked in terms of equipment. Kit is available for many sports in class sets (enough to allow each child to have a ball, stick, racket, bat etc) and some new sports are also catered for too: Extreme Frisbee, New Age Kurling, Boccia, Badminton and Dodgeball.
- The teaching staff embrace PE with great enthusiasm. All change into appropriate kit to demonstrate their own value of PE time and to show their own high expectations of the children. A number of members of staff have attended CPD in recent years and several more have expressed a keen interest in doing so. We actively seek opportunities for this. All teachers adhere to the two lessons of PE each week and many seek opportunities to deliver beyond this minimum expectation.
- The school actively seeks regular opportunities for children to work with different people and experience new things. We have a regular partnership with the University of Worcester whereby we have access to their excellent facilities and the children and staff benefit from their expertise in well planned sessions. The school has started to run 'outreach' projects where children go out of school to experience new things. This includes the golf initiative.
- The children at Oldbury Park are invariably keen to participate in lessons, embrace new opportunities with enthusiasm and many attend clubs in school and away from school.

### Swimming at Oldbury Park

Swimming is taught in Year 4 throughout the entire academic year, one afternoon a week. Children are taught by a combination of school staff and paid swimming instructors.

The outcomes for Year 6 children in July 2018 are outlined below.

Meeting national curriculum requirements for swimming and water safety	Please complete all of the below:
What percentage of your Year 6 pupils could swim competently, confidently and proficiently over a distance of at least 25 metres when they left your primary school at the end of last academic year?	80%
What percentage of your Year 6 pupils could use a range of strokes effectively [for example, front crawl, backstroke and breaststroke] when they left your primary school at the end of last academic year?	80%
What percentage of your Year 6 pupils could perform safe self-rescue in different water-based situations when they left your primary school at the end of last academic year?	80%
Schools can choose to use the Primary PE and Sport Premium to provide additional provision for swimming but this must be for activity <b>over and above</b> the national curriculum requirements. Have you used it in this way?	Yes/No
