

Year 4 Spring 2 Topic - NAVIGATING THE NILE!

Physical Geography

The start of a river is called the source and the end is called the mouth.

How are rivers used today? Think of jobs people had.

How has this changed over the years?

Why are rivers important habitats?

Which animals live on the river bank?

Rivers provide travel routes for exploration, commerce and recreation.

Where in the world is the longest river? Can you name it and located it?

Which are the longest rivers in Britain and how long are they?

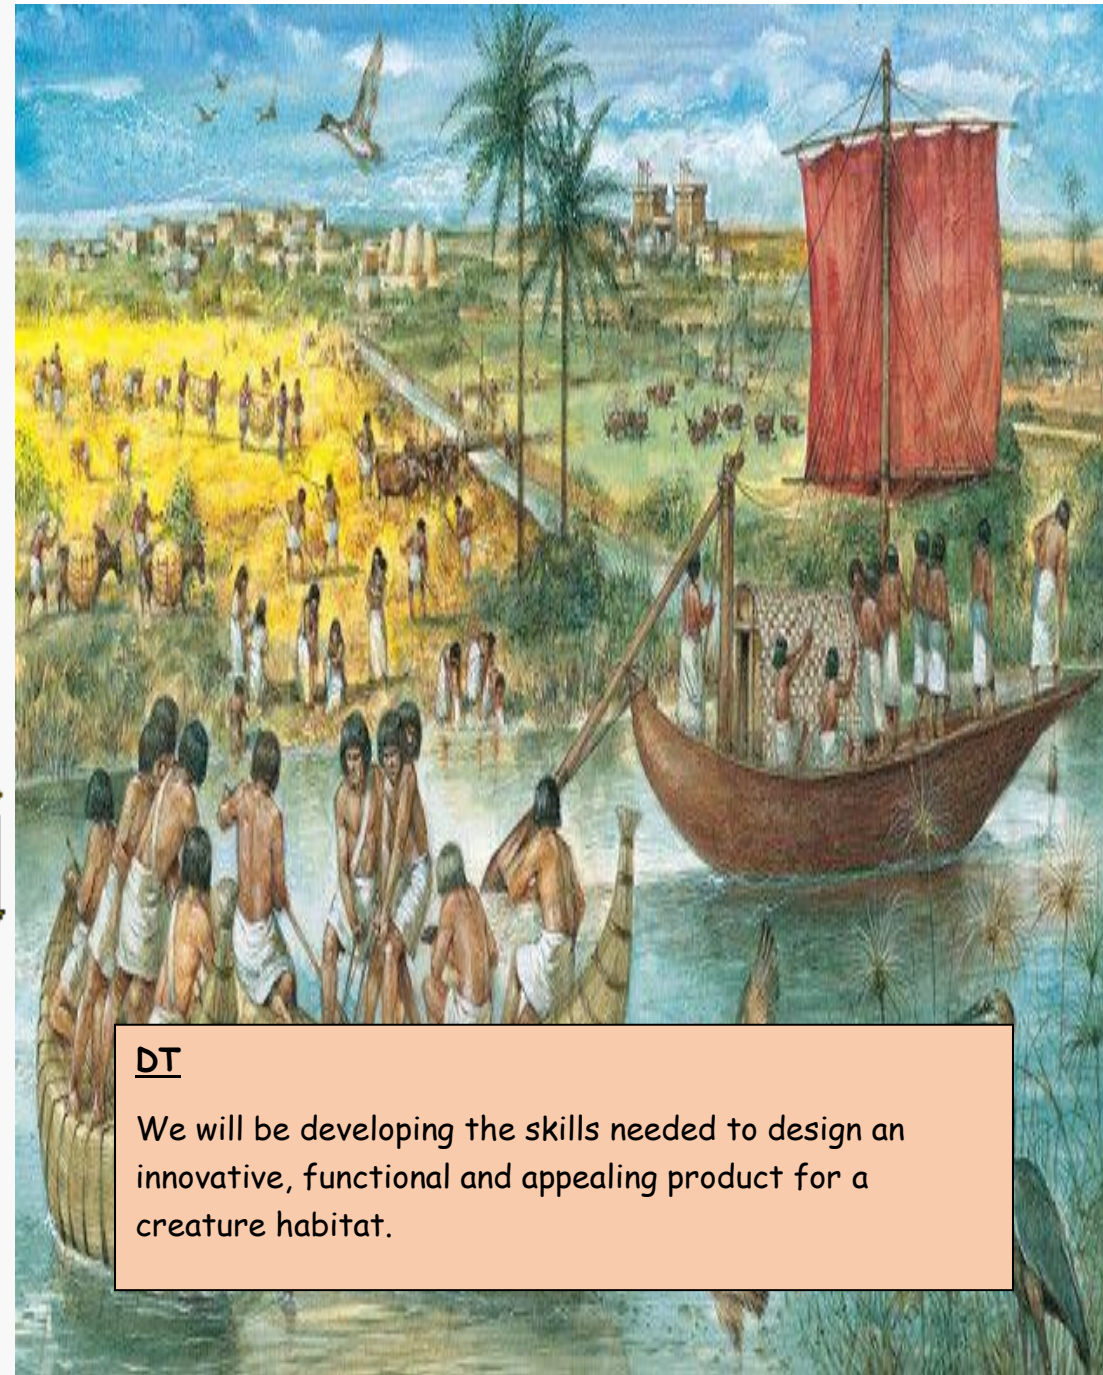

Vocabulary: tributaries, floodplain, waterlogged, erosion, silt, delta, bank, watershed.

ART

We will be studying the physical features landscapes, focusing on a specific artist.

George Seurat did not mix colours in a palette; he used dots of many different colours that are blended by the eyes of the viewer.

- What type of art was he famous for?

DT

We will be developing the skills needed to design an innovative, functional and appealing product for a creature habitat.
