

Hello Reception!
 We hope you have enjoyed our topic this half term. Julia Donaldson has written so many fantastic books. Why not try one of her latest books, 'The Smeds and the Smoods' or 'What the Ladybird Heard at the Seaside'. If you don't have the books at home, search for them on YouTube. It is very exciting that you now know who your teacher will be for next year. We know it is a bit strange that you won't have been able to meet them before September. We are sorry we aren't able to organise the usual transition activities that we know are so important. Your well-being is our priority so we have worked hard with the Year 1/2 Team to create some videos which we hope will help begin to prepare you for September. Look out for some video messages from your new teachers on Tapestry and the school website during the last week of term. We just want to say again how much we miss all of you who are at home but we are so proud of how you are coping. To those of you who are in school, we are so proud of how well you have coped with the changes and have taken everything in your stride. We know you will all do so well in your new classes.
 The Reception Team ☺

EVERY DAY		
<p>Daily Maths lessons https://whiterosemaths.com/homelearning/ Click on 'Home Learning - Early Years'. Then choose 'Summer Term - Week 11'. This week's activities will be based around the 'The Dinosaur who pooped a Planet' by Dougie Poynter and Tom Fletcher. https://www.youtube.com/watch?v=dzOjs4irfAw</p> <p>Dinosaur Challenges Maths Challenge Cards</p>  <p>Have a go at the dinosaur challenge cards included in this pack.</p>	<p>This week, we are going to learn some more of the Phase 4 tricky words.</p> <p>Use the tricky words song to help you to remember some of the tricky words we have already learnt. https://www.youtube.com/watch?v=3NOzgR1ANc4</p> <p>Monday- Our new tricky words are so, do, one and were. Have a go at spelling these using the 'Look, say, cover, write' sheet.</p> <p>Tuesday- Jigsaw cards. Ask an adult to help you cut out the jigsaw cards included in this pack. Find the two pieces which go together to make one of this week's tricky words. You could time yourself and see how quickly you can put all the words back together again.</p> <p>Wednesday – Have a go at finding all of the new tricky words in the wordsearch. Each word is in twice.</p> <p>Thursday – Ask someone to place the different word cards around your house. Then, go on a tricky word hunt. Write each word that you find on the sheet included in this pack.</p> <p>Friday – handwriting. Try to make more of your letters smaller this week using the sheet provided. Can you still form them correctly? Have a go at forming the letters correctly in our new tricky words. Then, decorate them, cut them out and use them to make a tricky word paper chain.</p>	<p>Read one of your books from school or find a new one on the Oxford Owl website. https://www.oxfordowl.co.uk/for-home/find-a-book/library-page/?view=image&query=&type=book&age_group=Age+4-5&level=&level_select=&book_type=&series=#</p> <p>Play a game on the phonics play website. Select Phase 4 for the appropriate level. https://new.phonicsplay.co.uk/ Username: march20 Password: home</p>

Additional tasks for this week (6/7/20)
Choose at least one of the activities below and have a go.
<p>Writing – Have a go at filling in the 'All about me' sheets and/or the 'Spreading my wings from Reception to Year 1' sheet included in this pack. Your new teachers can't wait to meet you in September but this will help them to get to know you a little bit before then. Upload photos to Tapestry and we will share them with your new teacher.</p>
<p>People and communities – Listen to the story 'Paper Dolls' https://www.youtube.com/watch?v=0BuURAO5f3k Have a go at making your own paper dolls. You could make yourself with your family or your friends. How many people are in your chain of paper dolls? Have a go at making your own or use the template included in this pack to help you. If you upload a photo of your paper dolls to Tapestry, we can show it to your new teachers.</p>
<p>Exploring Media and Materials – Create a self-portrait for your new class teacher. Look carefully at your face in the mirror. You might want to draw or paint your self-portrait or you could even create a collage.</p>

Maths Challenge Cards

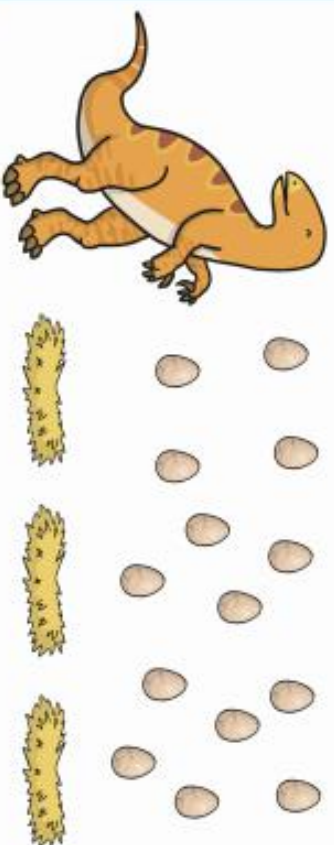

$$\begin{matrix} 1 \\ = \\ 3 \end{matrix} + \begin{matrix} 2 \\ + \\ 3 \end{matrix}$$

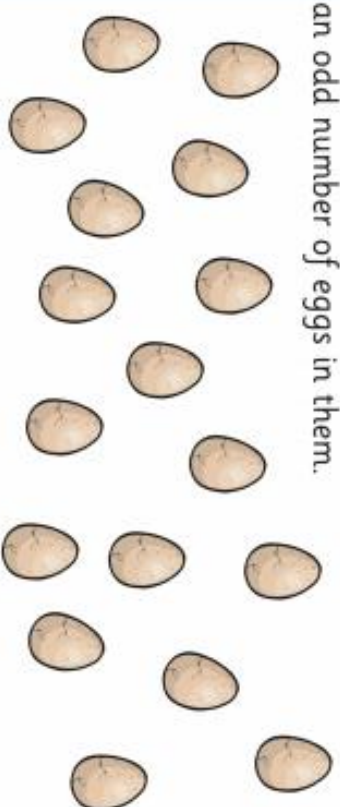

twinkl

The dinosaur lays 14 eggs and wants to put them in the nests. The nests can only hold 4 eggs each. Are there any eggs left over and if so how many?

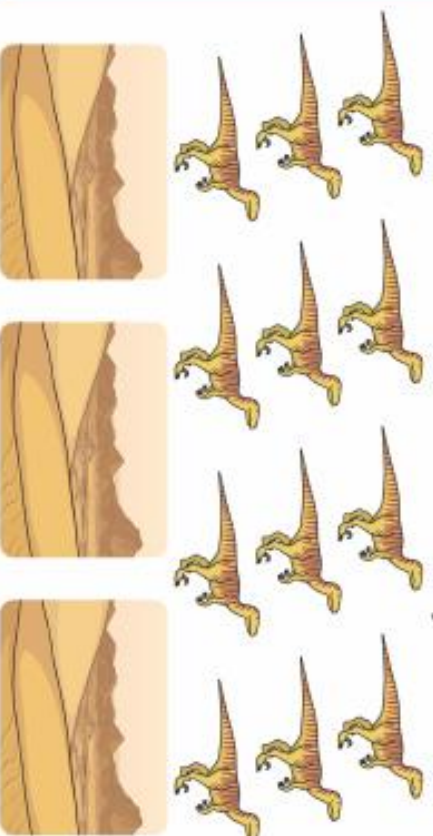

twinkl

Put 17 eggs in 3 different nests. Each nest should have an odd number of eggs in them.

twinkl

Put 12 dinosaurs into the desert. Each desert must have 2 more dinosaurs than the one before.

My Favourite Toy

My Favourite Food

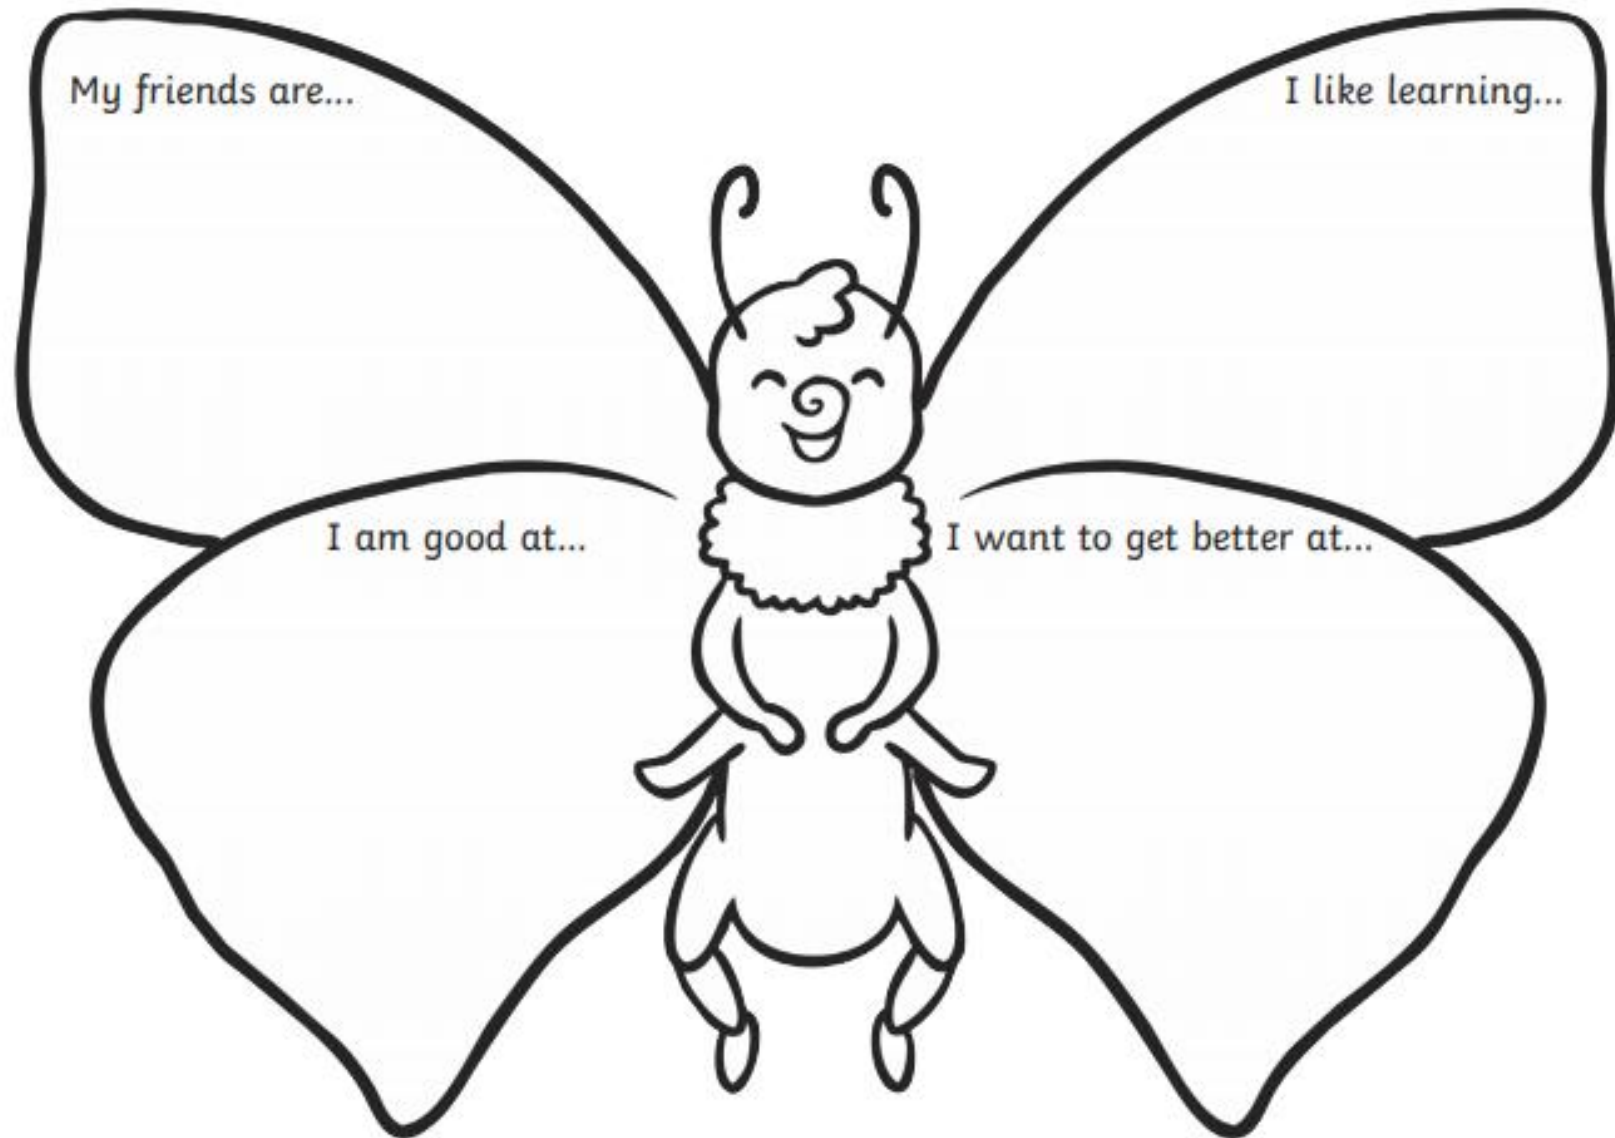

My Favourite Story

My Favourite Movie

Spreading My Wings from Reception to Year 1

Paper Doll Chains

You will need:

Light cardboard or sturdy paper

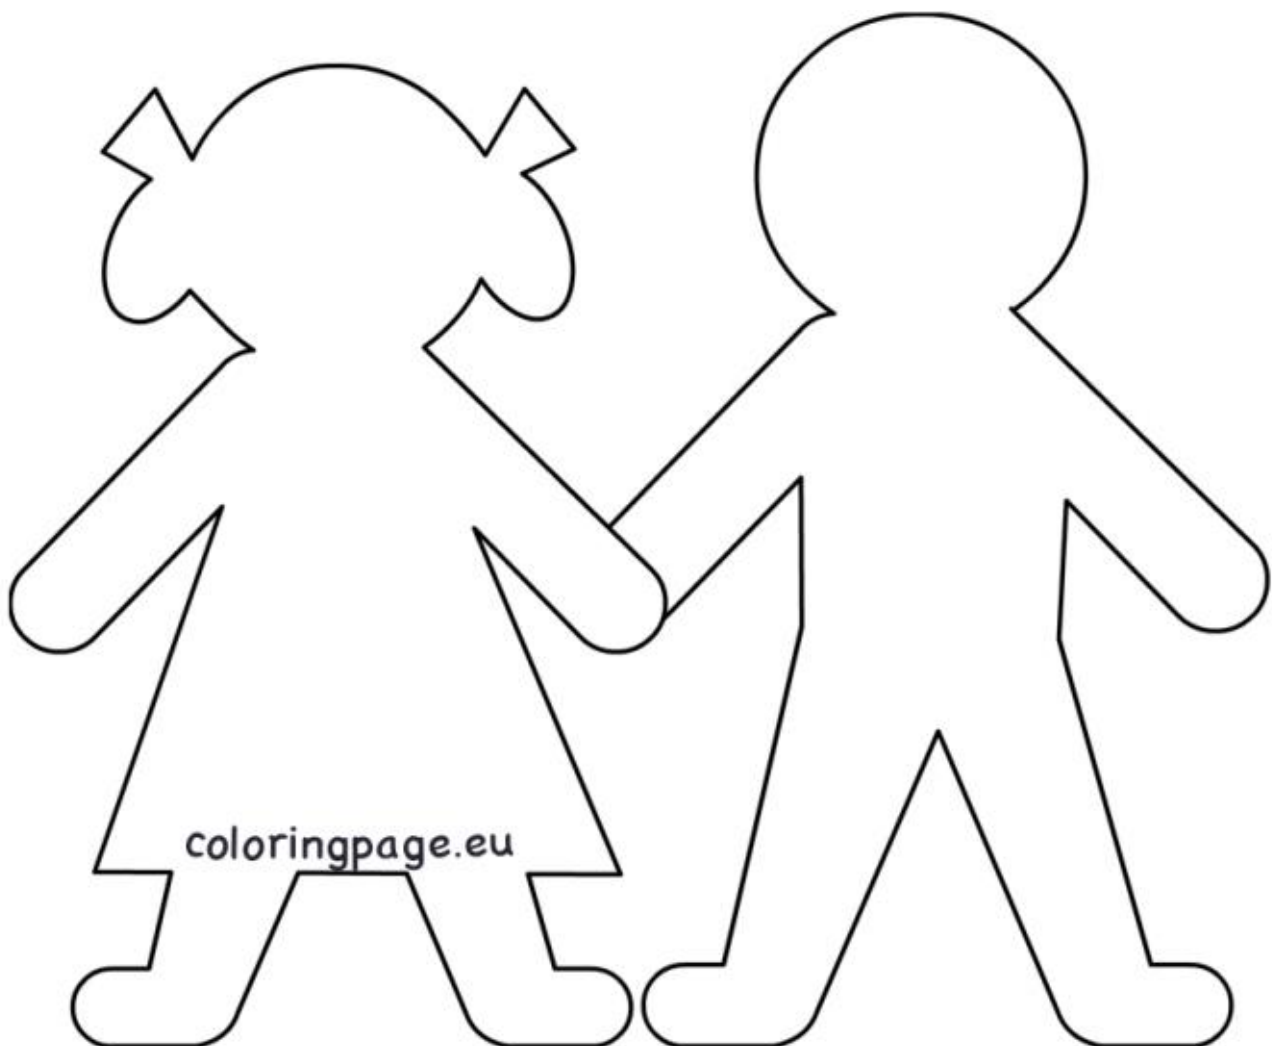

Scissors

Pens, markers and crayons

Decorative materials such as scraps of paper and fabric, buttons, lace, trim, glitter, tin-foil, stickers, sequins etc.

Glue

- Cut a strip of paper about 10 cm high and as long as you like. The longer the strip, the more dolls you will end up with.
- Fold the strip of paper accordion style, making each panel about 6cm or so wide
- Your child can draw a figure on the top panel making sure that parts of the body (hands, feet etc) touch the sides of the panel.
- Cut around the figure but don't cut along the folds where the parts of the body touch.
- Unfold the chain of dolls and then decorate with either just markers and crayons or use glue and stick on all sorts of wondrous outfits.

Reducing Handwriting Letter Formation Worksheet

Trace over these letters.

Monday

Starting with a Story

Reception

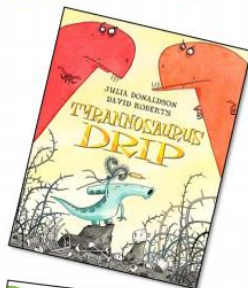

These activities and ideas are based around the books "The Dinosaur that Pooped a Planet" and "The Dinosaur that Pooped the Past"

By Tom Fletcher
and
Dougie Poynter.

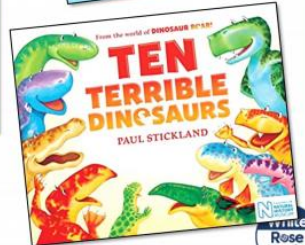

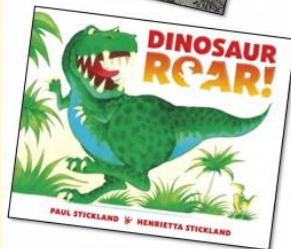

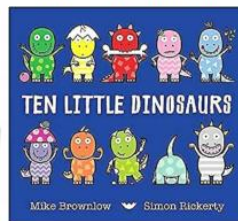

All activities could be done without the book!

White
Rose
Maths

Starting with a Story

Other stories to read and enjoy with a Dinosaur theme.

Reception

Off we Go!

First things first we need a rocket to help Danny and Dinosaur get into space.

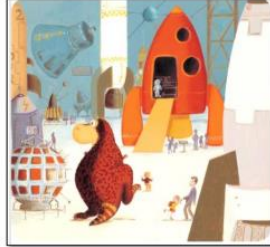

Design your own space rocket and get ready for count down!

White
Rose
Maths

Starting with a Story

Talking Together

Gather things from around your house to make your own rocket. Tubes, cups, cereal boxes and think about the shapes you would want to create. (You could use any objects around your house like before.) Danny has a lot of different shaped rockets to choose from!

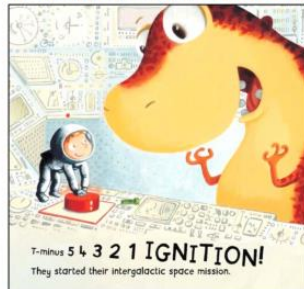

Starting with a Story

Create your own rocket command station!

Take a cardboard box or cereal box and design your buttons! What shapes will your buttons be? Will you have a big red circle one like Danny?

Remember to count down from 20 to blast off!

Starting with a Story

Reception

Danny's Dinner

Danny forgets to take his dinner for him and Dinosaur!
Help Danny pack his lunchbox with some healthy choices so he doesn't go hungry!

Starting with a Story

Lunchbox! Challenge

How many different combinations of healthy lunchboxes can you create for Danny?

Starting with a Story

Lunchbox! Challenge

What large amounts of food could you suggest to feed a Dinosaur?

Can you think of 20 things he could eat?
(It doesn't matter how silly!)

Starting With a Story

Starting with a Story

Reception

Dino Stacking!

In "The Dinosaur that Pooped the past" A, B and C get themselves into all sorts of stacking patterns! Can you arrange your 3 dinosaurs in 5 different ways?

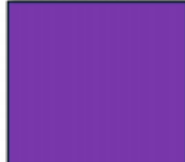

Starting with a Story

Starting with a Story

Can you make your shapes stack like the dinosaurs?

Start with the first one. We have 3 colours.

Starting with a Story

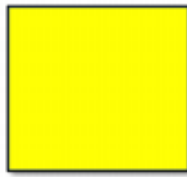

Use the ABC dinosaurs to help you.

Can you do another 4 different stacks?

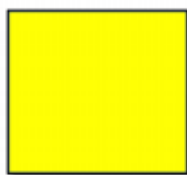

Starting With a Story

Use the ABC dinosaurs to help you.
Can you do another 3 different stacks?

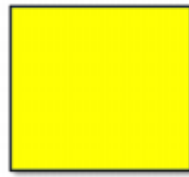

Starting With a Story

Use the ABC dinosaurs to help you.
Can you do another 2 different stacks?

Starting with a Story

Use the ABC dinosaurs to help you.
Can you do one final different stack?

Starting with a Story

Reception

Create your own Dinosaur.
You will have developed a lot of pattern and shape skills by now. Create your own ABC Dinosaurs or just one big one to poop a planet!

Starting with a Story

Make your own A, B and C Dinosaurs.

All you need is your hands and some paint! Dip your full hand in the paint and make your dino shape. Can you label your dino with how many scales, eyes, spots they have? Can you give your dinosaur a name?

Starting with a Story

Reception

Pooping Planets

That Dinosaur just keeps on pooping! Keep an eye on him! Can you tell us how many that would be?

Starting with a Story

Talking Together

Danny is worried. The Dinosaur's tummy is rumbling. He is pooping planets! Count the planets the Dinosaur has pooped out and tell us how many there will be if he poops one more!

Starting with a Story

Oh no what else has he pooped!
How many things
now?

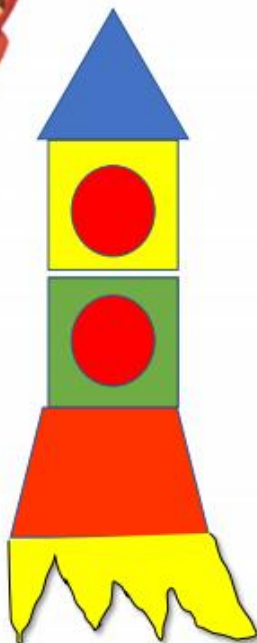

Starting with a Story

Rocket Doubles Game
Solve the double problems
to make your
rocket and get all the
parts ready to set off!

Starting with a Story

Talking Together

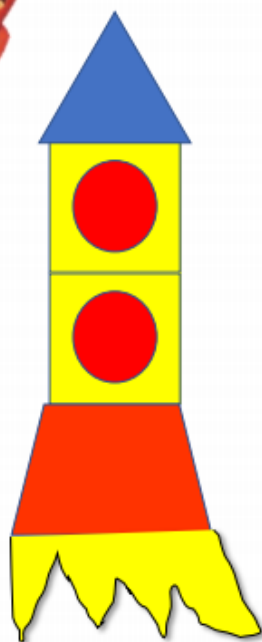

You will need 2 dice.

Roll the dice. See your double number.
Look at which part of the rocket you can
draw. The winner is the first person to
draw a complete rocket.

You will need to roll a six to start.
(On either of your dice.)

Starting with a Story

Talking Together

Starting with a Story

Reception

Rocket Ride!

Danny's friends have found out about his adventures into space.

They want a rocket ride but which one to choose?

Starting With a Story

Talking Together

Danny's friends want to go on a rocket ride. How many different ways can you share the children onto the 2 rockets? It doesn't have to be a fair share!

Starting With a Story

Talking Together

Danny's friends want to go on a rocket ride. How many different ways can you share the children onto the 3 rockets? It doesn't have to be a fair share!

Reception

Making Volcanos

There is a volcano that needs putting out by pooping! Make your own volcano by combining some special ingredients.

White
Rose
Maths

Starting with a Story

Talking Together

You will need a grown up to help you with this. When you are ready to make your volcano explode, make sure you go somewhere where its safe to make a mess!

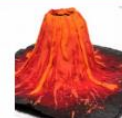

You will need:

- Glue, Vinegar, Paper
- A piece of cardboard, Tape,
- Small plastic container,
- Food colouring, Paint
- Baking soda, Flour.

White
Rose
Maths

Starting with a Story

Assemble your volcano!

Glue the small container onto a square of cardboard

- Crumple up paper and place around the container so they begin to form a cone shape. Tape the paper into place.
- Mix half a cup of flour and half a cup of water together until it forms a glue like consistency - You can add more water if it is too thick.
- Rip some newspaper into strips. Dip each strip into the glue and wipe off any really gungy bits. Then start placing the strips onto the volcano shape.
- Keep on sticking strips all around until it forms the shape of a volcano.

Leave it to dry overnight.

(If you are really too excited about your volcano you can always just scrunch some paper around it!)

White
Rose
Maths

Talking together

Paint it so it looks like a volcano.

Now take it outside to make it explode!

- Half fill the container at the centre of the volcano with baking soda.
- Mix a little red food colouring with some vinegar.
- Now pour the vinegar into the container at the centre of the volcano!

Stand back!

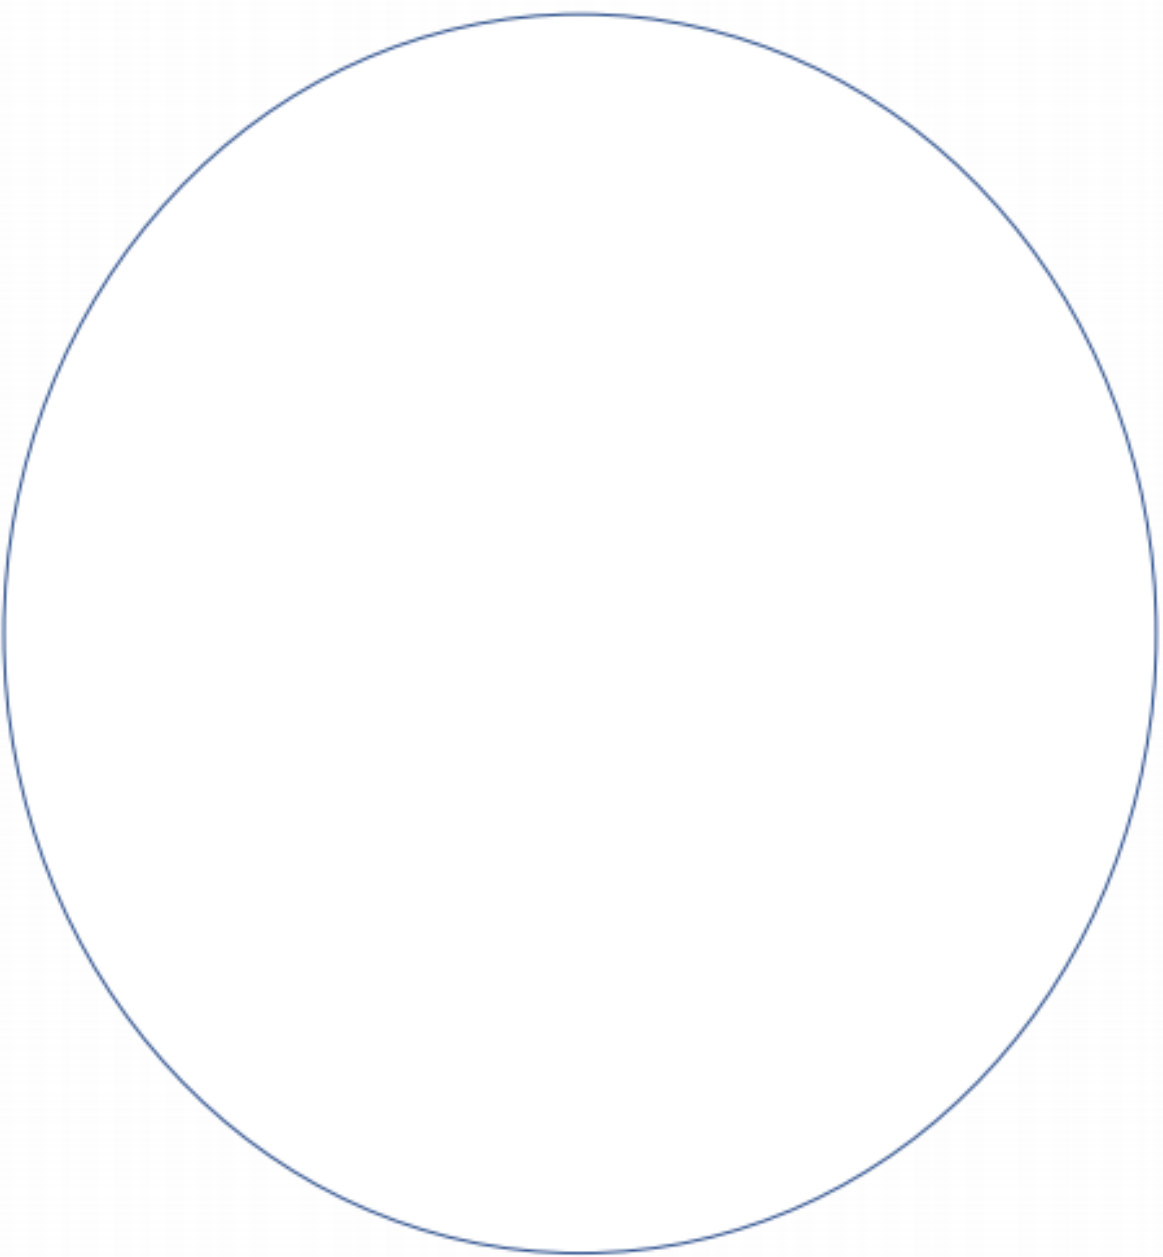

Create your own planet

The lost world

What will your planet look like?
Will it be one that has been looked after or has it been eaten by a dinosaur? Will it have rivers or seas? Will it have islands? This is like a large scale map!

Starting With a Story

Guess my rule

Talking together

Guess my rule

Look at the following dinosaurs features. Why might some have been picked out to make a set? What is the rule?

Musical McFly!

Tom and Dougie who wrote these books are part of a band. To end the week think about listening to your favourite music. Do you like McFly?

If you were in a band what would you play? Sing along to your favourite songs and tap the rhythms. This keeps your maths brains going!
